

# Communication rules

---

All communication must be done in Slack. No private messages of important information, which are information all of team could benefit.

Description of channels:

- *Deploy-webpage* channel just for notifications of webpage deployment
- *Events* channel just for notification about upcoming events created in google calendar
- *Garbage* Just chill and off topic talk.
- *Neural networks* Only communication about NN is discussed in this channel.
- *Stand-up* All virtual stand ups is written here. Good for history.
- *Virtualreality* Only communication about VR and unity is discussed in this channel.
